

Sam Ebenezer P

Final Year B.Tech CSE Student | Software Engineer Aspirant

☎ 8754375878 ✉ samebenezer718@gmail.com 🔗 LinkedIn 🌐 GitHub 📍 Tirunelveli, India

Objective

Final-year B.Tech Computer Science and Engineering student with a strong foundation in Java, Python, SQL, Object-Oriented Programming, Data Structures & Algorithms, Operating Systems, and Software Engineering. Hands-on experience building Java, IoT, and embedded-system projects, with experience in application development, debugging, testing, and problem solving. A quick learner with strong communication, analytical thinking, teamwork, and adaptability skills, seeking an entry-level software engineering opportunity to contribute to application development while continuously learning emerging technologies.

Education

B.Tech in Computer Science and Engineering , <i>Karunya Institute of Technology and Sciences</i> CGPA: 6.85	08/2023 – 05/2027
Higher Secondary (Computer Science) , <i>Merit Matriculation Higher Secondary School</i> Percentage : 76.17%	06/2021 – 05/2023

Technical Skills

Programming Languages

Java, Python, SQL

Databases

MySQL, MongoDB

Professional Skills

Communication, Analytical Thinking, Problem Solving, Quick Learning, Adaptability, Teamwork, Time Management

Core Computer Science

Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, DBMS, Software Engineering

Developer Tools

Git, GitHub, Visual Studio Code

Internships

Cybersecurity Virtual Internship , <i>Cisco Networking Academy</i> • Gained knowledge of cybersecurity fundamentals, secure communication, authentication, and network security. • Identified common cyber threats and explored mitigation techniques. • Applied security concepts relevant to cloud computing environments. • Improved understanding of secure enterprise infrastructure.	05/2025 – 07/2025 Virtual
Networking Virtual Internship , <i>Cisco Networking Academy</i> • Learned networking fundamentals including TCP/IP, DNS, DHCP, IP Addressing, Routing, Switching, and Network Troubleshooting. • Configured and analyzed network communication using Cisco networking concepts. • Developed practical knowledge of computer networks and strengthened technical troubleshooting skills. • Strengthened analytical and troubleshooting skills through networking exercises.	05/2024 – 07/2024 Virtual

Projects

Online Quiz Application, *Console-Based Assessment and Result Management System*

- Developed a Java-based console application using Object-Oriented Programming principles.
- Implemented input validation, automated score calculation, and result generation.
- Performed testing and debugging to improve application reliability.
- Followed modular programming practices for maintainability.

Automated Theft Reporting Device, *IoT-Based Vehicle Security and Real-Time Alert System*

- Developed an IoT-based vehicle security system using ESP32.
- Integrated GPS and GSM modules for real-time alerts and emergency notifications.
- Performed hardware integration, debugging, testing, and troubleshooting.
- Improved reliability through systematic issue identification and resolution.

Morse Code Encryption & Decryption System, *Embedded System for Real-Time Morse Code Communication*

- Developed an Arduino-based embedded system with a TFT touchscreen interface.
- Integrated hardware and software modules for real-time encoding and decoding.
- Performed debugging, testing, and troubleshooting to ensure system reliability.
- Enhanced user experience through an interactive touchscreen interface.

Achievements

Digital Campus 2.0 on Google Cloud #HackSprint, *Karunya Institute of Technology and Sciences & Google Cloud*

- Participated in Google Cloud HackSprint conducted by Karunya Institute of Technology and Sciences in collaboration with Google Cloud.
- Gained exposure to cloud computing concepts, collaborative problem solving, and cloud-based application development.

Certifications

Microsoft Certified: Azure Fundamentals (AZ-900)

Date: 2026-04

Oracle Cloud Infrastructure (OCI) 2025 Certified Data Science Professional

Date: 2025-10

AWS Cloud Practitioner Essentials — AWS Training & Certification

Date: 2026-04

Relevant Coursework

Cloud Computing, Operating Systems, Computer Networks, Database Management Systems, Data Structures & Algorithms, Object-Oriented Programming, Software Engineering, SQL and Database Design
